#### Presidents Report:

President Blevins gives a summary on how Medicaid funding might be used to cover American Sign Language Interpreters' fee in medical settings. Specific criteria for ASL Interpreters covered by Medicaid would be "Full-Licensed" rather than "qualified" or "licensed".

Southeast Regional Representative, Sharon Lott, has accepted a job upstate. The position for Southeast Regional Representative board member is now available for a possible replacement during this presidency term.

**Vice-Presidents Report:**

Vice-President Dove has asked NCITLB Administrator, Caitlin Schwab, for a five-year bar graph, showing all full, grandfathered, and provisional licensees from 2013-2018. In addition, the idea of mediation between the consumer and the interpreter before filing a complaint has been proposed before the NCITLBoard which is an ongoing discussion.

Vice-President Dove lists individuals who will be repeating their terms on the NC Interpreters & Transliterators Licensing Board:

Jeff Trader, Representing NC Deaf-Blind Association

Kim Calabretta, Representing NC Hearing Loss Association

Note: NCITLB Chairperson, Bethany Hamm-Winfield from NCRID, will be replaced and Vice-President Dove’s term on NCITLBoard is up as well.

Type of License	Current Number of Licensees	Percentage
Full	341	61%
Grandfathered	51	9%
Provisional	168	30%
<b>Total Number of Current Licensees</b>	560	100%

**NC DSDHH Report:**

Jan Withers, Director of NC DHHS, explains about an ongoing pilot program where NC DHHS has partnered up with NC Department of Instruction (DPI): Interpreting Services Specialists from DHHS Regional Centers across the state have been mentoring K-12 interpreters in various counties. Purpose: to help the K-12 interpreters increase their score on the EIPA (Educational Interpreters Performance Assessment). This “Language Mentoring Program” focuses on professional development and coaching and mentoring in the educational setting.

**More NC DSDHH Report:**

Ashley Benton, representing NC DSDHH, shares:

- Monitoring H 974, which proposes to amend language in the statute governing occupational licensing boards, specifically addressing the requirements for financial reporting. At this time, the previous proposal to sunset a number of licensing boards, including the NCITLB, is off the table. However, we continue to monitor legislative activity in the event this changes.

- The Medicaid budget that is now on the Governor's desk includes the \$800,000 set aside for sign language interpreting services, effective January – June 2019.
- The entire agenda of the August 3 meeting of the NC Council for the Deaf and Hard of Hearing will focus on the state of Deaf education in NC, including early intervention, schools for the deaf, public schools, and an update on HB317 (Act to Improve Educational Outcomes for NC Children who are Deaf and Hard of Hearing)
- DeafBlind Awareness Month events in June: 6 events sponsored by DSDHH across the state.
- Self-Advocacy Training partnership DRNC and DSDHH: Ashley and Holly have met to discuss this project briefly and agreed to co-present a 1-day training. The next step is for Laura Herman and Linda Nelson to reach out to us to schedule the trainings.
- NC Emergency Management has established an advisory committee focused on Function and Access needs.

### **NC DHHS Report:**

Brad Trotter, Director of NC Division of Mental Health, Development Disabilities and Substance Abuse Services, asks for recommendations (of individuals who would be willing to serve on the NC Mental Health Council for the Deaf and Hard of Hearing).

Mr. Trotter reports that the division has served 500+ clients and currently employs a staff of 24 individuals (in 2003, the division had only 16 staff). The budget is 1.45 million dollars. Challenges are: limited locations for polycam usage, making accessibility difficult for clients. There are 30 polycam locations statewide.

A survey is being conducted in the purpose to get a federal block grant to cover interpreting costs at AA/NA meetings.

Previous survey studies show that consumers reported 93.5% satisfaction with the services that they received.
